

Online Fundraisers

Online fundraisers can make fundraising easier for you!

With The Gourmet Cupboard®, everyone can even order from the comfort of their own home with "Online Fundraising". And best of all, your child stays safe at home while collecting orders for his/her cause. All the participant needs to do is give out the website link to anyone and everyone! You can even send the link to Grandma from out of state or other friends and relatives who live a long distance away!

We simply provide you with your own mini website created especially for **YOU!**

Your customers order, enter their payment, and their products are shipped directly to them from the home office! You are encouraged to also submit some information regarding your group and what the fundraiser is going to help benefit. If you are tracking which participant sells the most, there is even a spot for customers to enter their participant's name! It's really **THAT** easy!!
